

Hello friends!

I wanted to share what has been happening since I began staffing the [Fire & Fragrance Discipleship Training School](#) in Kona this January! We have 145 students and 45 staff (and 27 children from the families within our school, who are in schooling on base).

It's amazing to see the variety of people God has brought together in this school – there are families who sold houses and closed businesses because of how strongly God was drawing them here, people who've been in international ministry for years, people who've just graduated from high school, college, and grad school, and even the sons and daughters of the leaders of different movements within the Body that God is bringing together - Lou Engle's son, the daughter of Succat Hallel's co-founders (the house of prayer/worship in Jerusalem), daughter of the International House of Prayer's co-founders - and representing 18 nations as a school.

These are some of the things that have made up our training time in Kona:

- Daily teaching on weekly topics: Character & Nature of God, Holy Spirit/Gifts & Operation, Freedom & Deliverance, Intercession, Inner Healing & Wholeness, Biblical Worldview, Revival & Reformation, etc.
- Regular training on communicating & preaching the simple gospel in ways to save the lost and revive the saved
- Weekly outreach in the Kona community* (serving the needs of the community, loving people and extending healing, salvation, and freedom through Christ!)
- Regular corporate worship & intercession with the corporate YWAM community of about 1500.
- Focused training time with outreach teams

*In planning for this school, we were prompted to ask the local government ways that we could best serve the community, and they excitedly welcomed us to serve in various ways. This has actually forged much deeper relationships between YWAM and the local government, as well as with the local residents. The mayor of Kona actually hosted a dinner recently to personally honor our school for how we've served the community these past 2 months, which has never happened before!

This training school has far exceeded anything we could have planned. We've corporately felt and experienced the divine acceleration that God is bringing the global Church into, and we've felt marked by many historic moments throughout the school. There are people who have been in leadership and ministry for many years who've said that these past 2 months have forever revolutionized their hearts, lives and relationships with God and others. There are also people who God led to this school only shortly after getting saved and now have fully stepped into their identities and callings in God. It has been transformative for *me* to be helping *lead* such a radically loving, passionate group of people! And with revived and transformed hearts and lives, we will soon be going out to carry revival and

transformation through Christ to the nations! After 1 more month of training, we'll be going in different teams to 9 regions around the world!

Going to Uganda!

I am co-leading a team of 20 to **Uganda**, leaving on March 27! We will be in central Uganda and most of our time will be in the villages around 15 miles from Kampala, but we will also get to minister in Kampala occasionally.

- **In Villages:** In addition to our own ministry in the villages (ministering the gospel, healing the sick, discipling believers, supporting & strengthening local churches and ministries, etc), we will be partnering with [Show Mercy International](#) in caring for orphans and the poor, and serving the practical needs of the villages through healthcare, food programs, and education. With *Show Mercy*, we will also get the privilege of blessing and meeting with *all* the local pastors of the area who gather monthly with them.

- **In Kampala city:** In Kampala, we will partner with college ministries there to minister at universities and churches, stoking the flames of revival amongst the youth!

We have been praying into God's vision for Uganda and our time there, and we believe this will be a time of healing, restoration, and freedom both for the saved and lost in Uganda, and that God is reopening the wells of revival there! We are so excited and privileged to be a part of something we believe will create such ripple effects throughout Uganda and then extend out to its neighboring countries!

Please help send me to Uganda!

Because all expenses for outreach are paid up front, my need is \$3,000 before leaving for Uganda on March 27 (more practically, in the next 2 weeks). Would you please consider donating towards me serving the people of Uganda? I would really appreciate whatever you can give towards this!

Ways to Donate:

All donations are tax-deductible

- **PayPal** (monthly or one-time): [here](#)
- **Checks** (made payable to UNKF):

Mail checks* to:

UNKF

75-5851 Kuakini Hwy #256

Kailua-Kona, HI 96740

* Please don't write my name on the check. Instead, attach a sticky note with "Amber Henderson – 5801" on it.
